To whom it may concern,

The Bonnyville Primary Care Network is excited to announce the successful recruitment of two Nurse Practitioners to begin practice in our community. With this exciting announcement also comes the ability for these Nurse Practitioners to take on patients.

If you are a patient who does not have a family physician and would like to meet with one of these two wonderful practitioners, please contact PCN Administration to book a Meet and Greet appointment.

Kind regards,

Jesse Stein
PCN Executive Director
